**** BOWLING.

Says yesterday's Columbus - State

The return games with the Wheeling All-Stars will be played in that city on January 10 and not the 18th, as was erroneously stated in a Sunday morning paper, no notice of the change in dates having been received from the Wheeling players or the manager of the local team of cracks. There is considerable interest being taken in the trip of the team to the West Virginia town and a great many of the loyal "rooters" are planning to accompany the team on its pligrimage. Efforts are under way of the present to secure special service for a crowd to make the trip in comfort a crowd to make the trip is comfort and will no doubt be rewarded by the engaging of a special train to carry the All-Stars of Columbus and their friends to the scene of battle. At the present there seems to be no shakiness among the players of the local team about the coming games, and while their sail realize that the match is not to be a soft thing, they are confident of being able to carry off the required three games. As the match now stands Columbus has all the best of it, and despite the fact that they will be on foreign alleys, the bowlers are certain of holding their own, the same as the Lagondas, of Springfield, did when they rolled the deciding games with the Buckeyes on the home alleys of the latter team. This idea that many players have advanced about the rolling of a team being poorer on foreign alleys than on their own, was punctured by the "Thorn" club, of Springfield, when they visited Columbus January 23, and rolled fully as good scores as they did on their home alleys against the same team. Here is a prediction: The Columbus All-Stars will take at least three of the games from the Wheeling aggregation on the date of their meeting on the latter's alleys, scheduled for January 10. and will no doubt be rewarded by the

BOWLING IN 1893-2

The second week of the first tourns ment, 1893-94, began with the two-times defeat of the Wheeling Athletic Wheel-men at the hands of the fast Wheeling club. Press Club wasn't in the 1,000 even, and Columbia took two straight without half trying, 'rhe Bowlers, as usual, started off with a miserable score and then braced up and won handsomely from the Calumets. The would-be pennant winners, the 15-telligencers, closed the week by losing two to South Side on the Mozart alleys. None of the Intelligencer crowd could get the hang of the alleys. The secores of the second week were as follows:

Limited round bouts have become condition, not a theory, which the Metropolitan Club finds itself confronted with, in efforts to match boxers of merit, and it is not improbable that the club will decide to drop the finish bouts, or what practically is a finish bout, in the stipulation of twenty rounds or more. The club's reasons for the contemplated move are easily fathomed. How many eastern fighters will come here for a finish fight era will come here for a finish fight for the compensation given? Jack Bonner came because he knew he had a cinch in Nick Burley, but he was the only one of prominence, aside from the ever-willing Oscar Gardner, who would go to a finish in Wheeling for less than he could get in a six-round preliminary in larger chites, but when the local club tries to induce Sammy Kelly or other feather-weights to meet Oscar Gardner here, a Tayorable answer is received for twenty rounds, but not for the "or more."

A host of others who declined with thanks the "or more" provision might be cited were it necessary, but there be cited were it necessary, but there is a further argument in support of limited contests, which is that nearly all rink patrons grow weary of a contest after twenty-five rounds have gone by. The Charley Johnson-Charley Burnis forty-round argument was decidities of the contest of the conte

The Metropolitan Club believes it can secure the best of talent for twenty-nye round contests, having failed to secure the same material for finish arsecure the same material for faits arguments. The club will make the experiment, however, and since it has been a success in more populous cities there is no reason for its failure here. Between fast men a knockout ought to come within the limit.

Shoc Factories Resuming-MARLBORO, Mass., Jan. 3,—Another stage in the general strike of Marlboro shoeworkers was reached to-day when the big factory of the S. H. Howe Shoe Company and two of the three smaller establishments controlled by the comestablishments controlled by the company resumed operation, after a shut down of more than two months. The Howe company, when all its factories are running in full, employs about 1,500 ands. The superintendent claims that he has received more applications for work than he has positions for at this time. Mr. Gompers, president of the American Federation of Labor, who is in the city, has arranged for a personal conference with President S, H. Howe, for the purpose of relieving the situation. Mr. Howe still refuses to recognize any organization, and the meeting is entirely personal. The strike leaders assert that only a small percentage of those who have struck have returned under the "free shop" system, and that the position of the union is as strong as at the beginning.

Brice's Fortune.

NEW YORK, Jan. 3.—Catherine Oliv-ia Brice, widow of the har Calvin S. Brice, was to-day appointed adminis-tratrix of his estate. The petition states that no real property was left by the decedent and that his personal estate is valued at \$500,000.

Whole Family Wiped out. ST. LOUIS, Jan. 3.—A special from Bloomington. III., says: To-day at Min-ler, west of this city, John Letton shot his wife, two children and then him-self. All are dead except the husband, who cannot live. Jealousy was the cause.

M'MECHEN NOTES.

Daily Items of Interest About People and Events.

Mr. and Mrs. John Hauck and daughter, Miss Myrtle, have returned from Meadeville, Pa., where they were called by the death of Mr. Hauck's mother. Catherine Sinclair, of Forty-fifth street, Wheeling, was a business caller in town yesterday.

Rev. Tilock, of West Alexander, Pa., is holding services at the Christian church this week.

Miss Cora Mitchell, of Claysville, Pa., the guest of Mr. and Mrs. M. A. Dowler.

James Kinney, of Bellaire, wa business caller in town pesterday. Harry Harris, of Bellaire, was in town calling on friends yesterday. George Kemple, of Sherrard, was the guest of friends here yesterday.

retur d to work after an illness of one week

Santiago Harbor a Spanish Torpedo boat darted out under ebyer of darkness to launch its deadly missile against an American war vessel. If she had been struck she would have gone to the bottom. What saved her? Wassil her big 13-inch guns? No, it was her search-light: the dazeling white beam of light that shot straight out like a sword-thrust through the darkness, revealed the approaching danger.
What is it that saves thousands of men from death every day in the year when the deadly foe of disease is creeping unsuspected upon them? It is the white light of science; the educated understanding that reveals the source of danger and indicates the exact point of attack.
While the ordinary ductor gropes around, with the feeble tallow-candle light of stereotyped, conventional, routine treatment, a physician like Dr. R. V. Pierce, of Buffalo, N. Y., instantly illuminates the subject with the clear day-light ray of practical knowledge; the irresistible search-light of advanced and life-sustaining science.
"I was afflicted for four years," says John P. Zingsbeim, Psp., of No. 9 Jark St., Amsterdam, N. Y., in an earnest letter to Dr. Pierce. "My suffering was extreme and the trouble gradually increased potwithstanding the fact that I tried many different kinds of treatment. After becoming physically incapacitated and unable to work at all, and after much hesitation. I wrote you. I am very happe to state that vour advice has done me great good. You advised Dr. Pierce. "My the different kinds of treatment. After becoming physically incapacitated and unable to work at all, and after much hesitation." I wrote you. I am very happe to state that vour advice has done me great good. You advised Dr. Pierce. "My the curred me. I wish to thank you most heartily for what you did for me. All suffering has vanished and I have gained about twenty-five pounds in weight. threatening weather predicted.

The Queen City is to-morrow's packet for Cincinnati, departing at 8 a.m.

The Keystone State went out of the upper river yesterday morning with a good trip for Cincinnati.

Captain Lawrence McMakin, a master and pilot in the White Collar line, has left Cincinnati for Needles, Cal., on the Colorado river. The Charles Barnes Company, of that city, is now shipping a steamboat to that point, and Captain McMakin goes to take charge of her when she is finished and rendy to run. The name of the boat is St. Vallier, and she will be the first steamboat ever placed on the Colorado river, or, at least, that part of it. Her run will be seventy-five miles, from Needles to the mines.

Pittsburgh River News. PITTSBURGH, Jan. 3.—The heavy ice

which has been running out of the Al-legheny river since Sunday morning is making trouble for the towboats coming up the Ohlo with tows of empties. Some of them have been compelled to tie up and those that are making frantic efforts to reach Pittsburgh, have sustained more or less-lamage, in most instances only to the empty craft. The Tom Reed No. 2, which arrived last night, tore a hole in her bulk head and knocked the ends out of two coal boats, She backed up the river pulling her tow, but got in with it. The Mt. Clare arrived with all of her tow after double trippins.

The Little Dick John W. forts to reach Pittsburgh, have sus-

ed with all of her tow after double tripping.

The Little Dick, John Moren, Ed. Roberts, Sam Brown, Enterprise all arrived with their tows of emptles. The John Moren went back to Bellaire for the remainder of her tow and both she and the Jim Moren have left there for Pittsburgh, The Little Fred is double tripping between Newport and Bellaire. The Fred Wilson is reported as laid up at Middlepart; B. D. Wood and Coal City at Parkersburg, The Dick Fulton is double tripping between Parkersburg and Bellaire and the Enterprise is doling the same between Walkers and Pittsburgh. The Enterprise will arrive to-night and will leave to help the Dick Fulton to Pittsburgh. Most all of the hoats that are making an effort to reach Pittsburgh are either backing up the river or running with their lows strung out behind. Some of the coal operators have not heard from their boats since yesterday morning and do not know where they are. The warm weather which set in to-day will soon make short work of the lee, if it continues for several days.
